and

b) You live on the reservation or, if you live outside the reservation, you live in Maricopa county

## Relative Medical Priorities

### Stage 2: Payment may be approved if:

a) The health care service that you need is medically necessary

*—as indicated by medical documentation provided*

and

b) The service is not available at an accessible IHS or Tribal facility

and

c) The facility's PRC committee determines that your case is within the current medical priorities of the facility

*—Unfortunately, PRC funds often are not sufficient to pay for all needed services. When this happens, the committee considers each individual's medical condition to rank cases in relative medical priority. Cases with imminent threats to life, limb, or senses are ranked highest in priority. \*\**

and

d) PRC funds available are sufficient to pay for the service to be authorized

**NO** for the above

### Application is deferred.

\*\* Sometimes deferred lower priority cases may be reconsidered later if funding permits. Ask PRC staff for more specifics.

## Coordination and Payment

### Stage 3: Approval, Billing & Payment

a) You **must** apply for any alternate resources for which you may be eligible

*—Medicare, Medicaid, insurance, etc.*

and

b) A PRC purchase order is issued to a provider authorizing payment for services

and

c) IHS or Tribal staff and the authorized provider coordinate your medical care

and

d) The authorized provider bills and collects from your alternate resources

and

e) The authorized provider bills any unpaid balance to PRC for payment

*— because PRC is payer of last resort, it pays only for costs not paid by your alternate resources*
